Faculty Lunch & Learning Series
March 1, 2016

Makerspace & Student Engagement

Faculty are invited to come by, grab some food, share ideas, and build new connections during this session about Makerspace & Student Engagement! This event will be on Tuesday, 03/01, at 12:50 pm in Olin 106.

Amanda Ervin will discuss the role makerspaces can play in student engagement. She will cite examples of students developing their own learning paths through maker education.

*This lunchtime event is designed to provide time for an informal gathering and conversation amongst all faculty members. Faculty are encouraged to use this time to introduce yourself to our “newest” faculty members or anyone else you have not yet had the opportunity to meet.
