- Conducting Oral Histories with Students
- Creating Oral Histories with Digital Media

HOW?
Submit application by Thursday, May 10th:
https://tinyurl.com/2018summerFDI

WHY?
Experiment with and learn a variety of instructional strategies and technologies to enhance student learning while addressing instructional pain points

BENEFITS OF PARTICIPATION
- As a result of completing the Institute, participating faculty will receive a 9.7 inch, 32 GB iPad with Apple Pencil!
- Receive 1:1 follow-up sessions with a professional Instructional Designer to help you plan a new course, redo assessments, or address issues where students are having difficulties. This is a great opportunity to get help with your course development.
- ITS Learning Technology & Environment support for FDI projects
