## Finding your iCloud account on your iPhone

On your iPhone, tap the settings icon.

<table>
<thead>
<tr>
<th><img src="https://via.placeholder.com/150" alt="Settings Icon" /></th>
</tr>
</thead>
</table>

Scroll down until you see the iCloud icon. If you are currently using iCloud you will see your email address listed.

*Your iCloud account may not always be the same email address as your AppleID*

If you have forgotten your iCloud password you can reset it here:

https://iforgot.apple.com/password/verify/appleid
