Summer 2014

FDI for Teaching with Technology Application

Please fill out the Summer 2014 FDI for Teaching with Technology application form and submit it no later than May 16, 2014 to Denise Snyder via interoffice mail to Information Technology Services, Peschel Computing Center. Questions marked with an asterisk are required. For more details about the program, please visit:

* Required

Name *

Department *

Email *

What learning experience are you looking to (re)design during the Summer 2014 FDI for Teaching with Technology? *

This could be a single learning activity in a course, an entire course, or something at the program level. If you are planning on redesigning a course, please include the course title/number. If you are a faculty member simply interesting in experimenting and you do not have a specific idea for a class yet, that is okay too! Just indicate your desire to simply experiment below.
**Talk about what you would like your students to be able to know and do after completing this learning experience. What do you want them to understand?** *

Bullet out the content at a high level (e.g., big themes, concepts, knowledge) and skills you want your students to acquire. If you simply want to experiment during the Institute, please indicate that desire below.

**Why is it important/worthwhile for your students to acquire this knowledge and skill set?** *

Specifically, why is "knowing" and "doing" these things important for students in real world contexts? What overall meaning do you want your students to construct as a result of participating in this learning experience? If you simply want to experiment during the Institute, please indicate that desire below.
What kind of additional technical resources and support do you anticipate you will need as a result of this (re)design, if known?

Are there specific technologies, equipment, and/or facilities you or your students will need? Will your students need technical assistance using the additional resources, outside of what you can provide to them by yourself? If yes, please elaborate.

When do you hope to implement the (re)design? *

Please provide the term and year. If you don't know, just type "unsure". If you simply want to experiment during the Institute, please indicate that desire below.

Please add any additional information about your application and/or your idea for a (re)design of a learning experience below.
What facilities/equipment/technology do you want to learn more about using and/or what skills are you looking to develop as a result of participating in the FDI for Teaching with Technology? *

Mark all that apply and add anything missing under "other". Based on these answers, we will tailor the second optional lab hour to meet the interests and needs of participants.

☐ Tour of the Digital Studio Spaces & Learning Lab
☐ "Flipping the Classroom" with Panopto
☐ Using iPads in the Classroom
☐ Basics of Nexus
☐ Nexus Gradebook
☐ Muse/Wordpress Blogs
☐ Digital Storytelling
☐ Library Resources Available for Courses
☐ Understanding Copyright/Fair Use
☐ Clickers in the Classroom
☐ Using WebEx For Realtime Online Interaction
☐ Creating Podcasts with Audacity & Ensemble
☐ Using the Wacom Tablet to Create Screencasts
☐ Using Technology in Electronic Classrooms: Troubleshooting Tips
☐ Blended Learning Ideas with Panopto
☐ Telling Stories with Geospatial Technology
☐ Creating Playlist Tutorials for your Students with Lynda.com
☐ Using Google Apps for Education for Collaboration & Assessment
☐ "Digitally Speaking" with Voicethread
☐ Creating/Editing Videos
☐ Collaboration Ideas Using the Kelly Advanced Computing Lab
☐ "Lecture Capture" with Panopto
☐ Creating Engaging and Effective Digital Presentations
☐ Other:

I understand that I need to be present for the first hour of all nine workshops of the Institute and that the second "lab" hour is optional. *

Face to face participation is required for the Institute for all nine workshops.

☐ Yes, I understand I need to be present for at least the first hour of all nine workshops
☐ No
Are you interested in receiving an iPad or equivalent funding towards a supported learning technology, upon successful completion of the Institute? *

Please select your choice below. If you choose "other", please indicate the supported learning technology you are interested in receiving (not to exceed $499).

- 16 GB iPad Retina
- 16 GB iPad Mini with Retina Display
- Other:

Due to the complexity of summer schedules we are open to different timing for the FDI for Teaching with Technology. Would you prefer meeting once a week for nine (9) weeks or twice a week for four and a half (4.5) weeks?

- I prefer meeting once a week for nine (9) weeks, starting June 16th and ending the week of August 11th.
- I prefer meeting twice a week for four and a half (4.5) weeks, starting June 16th and ending the week of July 14th.

If you answered twice a week in the prior question, please rank the days you prefer to meet.

Preference indicates the day you want to meet. If you mark Monday as your first preference, you are stating you want to meet on Mondays.
